Long arm machines

Long arm machines – customized for your application

Dürkopp Adler offers a wide range of different lengths of standard machines for medium-weight applications. This ensures a professional employment of our proven sewing technology for applications at large-sized workpieces.

We manufacture customized long arm machines in various lengths as per customer's specification. We also supply especially designed machine stands for special applications, e.g. free-arm stands for Big Bags.

Model	Needle		Stitches/min. max.	Material	Foot	Presser	Bobbin	Clearance [mm]	Tension	Special	Accessories	Nm max.
